Good morning all,

We're sharing that OPP has updated the FIFRA Section 24(c) website with additional information to be consistent with statutory requirements under FIFRA 24(c). EPA has determined that moving forward, EPA may disapprove state registrations under FIFRA section 24(c) that further restrict use of pesticides registered by EPA. More information is available at: <https://www.epa.gov/pesticide-registration/guidance-fifra-24c-registrations>

This update is also being shared with AAPCO/SFIREG.

A happy Friday and good weekend to all,
